

Basalt.

Basalt

designed by Aleksandra Mętlewicz

Family of wall panels that are extremely easy to use with extremely good effect. Channel your inner artist and create stunning visual and acoustic landscapes on any wall in your office.

BASALT FAMILY

WORKS BEST IN: Conference Room,
Chillout Room

Wall

KEY CHARACTERISTICS

- Several sizes, shapes (square, rectangle, semicircle), and patterns to choose from
- 60 colors and 2 categories of felt (synthetic and wool) to choose from
- Compatible with NanoFelt™ Ag technology for additional microbiological protection with silver particles
- Sound Absorption - Class D
- Flame Resistance

Visually powerful, Basalt fits surprisingly well in any space to improve its acoustic qualities.

FILL YOUR WALL SEAMLESSLY

All corners of Basalt panels are cut at right angles so that you can connect a whole set of panels with different patterns and colors without any visible gaps.

*Look at your wall as
a canvas and use Basalt
to paint it artistically.*

FILL YOUR WALL SEAMLESSLY

All corners of Basalt panels are cut at right angles so that you can connect a whole set of panels with different patterns and colors without any visible gaps.

*Silence meets ideas –
Basalt now comes with a
seamless whiteboard layer
for everyday creativity.*

ACOUSTIC COMFORT MEETS CREATIVE FUNCTION

The integration of a whiteboard surface into Basalt panels opens up a whole new level of functionality. Now you don't have to choose between acoustic performance and a space for ideas — you can have both in one elegant solution.

All possibilities of Basalt

- ① MODULAR CONSTRUCTION
with right-angle corners guarantees a perfect fit and great acoustic quality. Use a set of panels to improve the looks and acoustics of your corridors, casual collaboration spaces or project rooms.

- ② BASALT TRULY embodies the mix&match idea. Chose from different shapes and patterns and position them horizontally or vertically. Turn your vision into wall art that will be the favorite part of a chillout room or any other common space.
- ③ REGULAR SHAPES make it easy to use Basalt acoustic panels together with whiteboards or screens. Designing a functional conference room or workshop space had never been easier.
