SOPHISTICATED PRODUCT FAMILY
FOR SPECIAL NEEDS

Silentum's hanging, wall and corner panels take care of most difficult spaces noise-wise. Sound absorption of multiple panels efficiently reduces the background noise.

UNIQUE SOLUTIONS FOR EVERCHANGING ENVIRONMENT

Silentum Pillar can be seen as a work of art, but its main strength lies elsewhere. This incredibly effective solution can be easily moved to change the soundscape of any space according to your needs.

Play with the color and position of Silentum panels to design the most alluring and representative spaces.

FIND YOUR PREFERRED STYLE

Layered construction and multiple sizes and colors open endless possibilities for personalization.

All possibilities of Silentum

- ① HANGING
The smallest hanging panels can be used to create dynamic arrangements.
- ② HANGING WITH BREAK
Play with gaps between the panels to fine-tune your space's visual and acoustic properties.

- ③ CORNER
Reduce the echo significantly with panels designed specifically for corners of the room.
- ④ WALL
Find the configuration that suits your place.
Adjust the sound absorption to your requirements.
- ⑤ PILLAR
Place it in the corner to easily reduce the echo in the area.

All possibilities of Silentum

- ① HANGING
Create the best soundscape around conference tables or desks. Use LED panels for an additional source of light.
- ② WALL
Three sizes of panels enable you to create compositions that cover the entire wall and give impeccable sound absorption.

- ③ HANGING WITH BREAK
Choose one of two widths of gaps to control the acoustic and visual effects.
- ④ HANGING AND WALL
Combine the wall and hanging panels to ensure the best acoustics. They're designed to perfectly match each other.
- ⑤ PILLAR
An instant upgrade to any given space. Move it anywhere to reduce the noise and improve the aesthetics.
